

50 Years Élysée Treaty French-German Scientific Summit With Evening Event October 11, 2013

Daytime Program: **Biozentrum**, Lecture Hall A101, Hubland-Campus Süd

09:00-09:20 **Welcome** by presidency of the University of Würzburg
Opening Remarks by the Scientific Advisor of the French Embassy or by the French General Consul for Bavaria

09:20-10:10 **French-German Synergies in Polar Research**
Prof. Dr. Gérard Jugie, CNRS, Banyuls-sur-Mer / Prof. Dr. Jörn Thiede, GEOMAR-Helmholtz Zentrum, Kiel

10:10-10:50 **First Light and the Dark Universe**
Prof. Dr. Pierre Binetruy, Astroparticule et Cosmologie, Université Paris 7 / Prof. Dr. Karl Mannheim, Astronomie, Universität Würzburg

10:50-11:20 **Coffee Break**

11:20-12:00 **Identification of de novo Mutations in Individuals with Neurodevelopmental Disorders**
Dr. Christel Depienne, Guest Scientist, Humangenetik, Universität Würzburg
De novo Epimutations: How Adverse Environmental Exposures in Early Life Influence Life-Long Disease Risk
Prof. Dr. Thomas Haaf, Humangenetik, Universität Würzburg

12:00-12:40 **Molecular Diagnostics of Tumor Cells**
Prof. Dr. Werner Franke, Zellbiologie, DKFZ, Heidelberg / Prof. Dr. Marie-Christine Dabauvalle, Elektronenmikroskopie, Universität Würzburg

12:40-13:40 **Lunch Break**

13:40-14:20 **Closing the Gap: Nanoscale Imaging of Dynamic Neural Structures by Superresolution Microscopy**
Prof. Dr. Valentin Nägerl, Neurosciences, Université Bordeaux 2
Imaging Brain Cell Architecture with Electrons at the Nanoscale
Prof. Dr. Christian Stigloher, Elektronenmikroskopie, Universität Würzburg

14:20-15:00 **SpaceMaster: Challenge of an European Elite Program in Space Science and Technology**
Prof. Dr. Geneviève Soucail, Institut de Recherche en Astrophysique et Planetologie Toulouse / Prof. Dr. Klaus Schilling, Informatik, Universität Würzburg

15:00-15:40 **Supporting Exchange and Cooperation between France and Bavaria**
Axel Honsdorf, Centre de Coopération Universitaire Franco-Bavarois / Bayerisch-Französisches Hochschulzentrum, München

Supporting Exchange and Cooperation between France and Bavaria inside EU Cooperation
Martin Reichel, Bayfor / Bayerische Forschungsallianz, München

15:00-15:30 **Patents in Research and Development**
Bertrand Gallet, Patent Attorney, Paris, Alumnus of the Faculty of Chemistry and Pharmacy, Universität Würzburg. **Lecture Hall A102 (next door)**

Evening Event: **Neubaukirche, Alte Universität**, Domerschulstraße 16 (city center)

19:00 **Welcome Remarks** by Prof. Dr. Alfred Forchel and Prof. Dr. Theodor Berchem

Keynote Lecture: Au revoir, Kilogram. The Change of the Metric System as Biggest Revolution since the French Revolution
Prof. Dr. Klaus von Klitzing, MPI for Solid State Research, Stuttgart, Nobel Prize Winner and University of Würzburg Alumnus

Musicians from the University of Caen will beautify the evening. **A lounge area** will be prepared for personal exchange. **A party area** with DJ Bobbiknows will be provided in the **Historical Vault Cellar. The Event** will feature food, refreshments, a beer and wine cash bar.

The University of Würzburg and the Alumni Club will be glad to welcome you!
